

N.C. Judges: (L-R) Cheri Beasley, Calvin Hill, Carla Archie, Christie Mann

Who Will Judge?

We need **fair** and **impartial** judges in North Carolina's courts.

But Republican legislators in Raleigh have a different plan. They are mad because the courts keep overruling their unconstitutional laws.

In retaliation, Republican legislators plan to force many Black judges off the bench and replace them with their friends! This extreme, anti-democratic power grab must be stopped!

Legislators want to **pass laws** in 2018 that will:

- **Change voting districts so it's harder for Black and women judges to win re-election.** This bill (H-717) will create openings for more white Republicans to be judges.
- **Eliminate your right to choose judges and let legislators appoint their friends** as judges on family and traffic courts, criminal courts, and the N.C. Supreme Court. They call their plan "merit selection," but it's really cronyism.
